November 12, 2024 — IHS Holding Limited (the “**Offeror**”) and IHS Netherlands Holdco B.V. (the “**2027 Notes Issuer**”), a wholly-owned subsidiary of the Offeror, hereby announce that;

The Tender Offers begin on November 12, 2024 and will expire at 11:00 a.m. (New York time) on December 11, 2024, unless the Tender Offers are extended or earlier terminated, as described herein (the “**Expiration Deadline**”). The Proposal begins on November 12, 2024 and will end at 5:00 p.m. (New York time) on November 25, 2024, unless the Proposal is extended or earlier terminated, as described herein (the “**Consent Deadline**”).

² Subject to applicable law, the Offeror expressly reserves the right in its sole and absolute discretion to increase or decrease either Series Maximum Acceptance Amount.

³ Accrued Interest will be paid in addition to the relevant Tender Offer Consideration or Total Early Tender Offer Consideration, as applicable, in the event the relevant Settlement Date is not an interest payment date in respect of the relevant series of Notes.

Transaction rationale

The purpose of the Offers, together with the issue of the New Notes, is to proactively manage and extend the overall debt maturity profile of the Offeror's group and to align the covenants applicable to the 2027 Notes that remain outstanding after completion of the Offers with the covenants the Offeror intends to include in the New Notes as discussed below.

All Notes purchased by the Offeror pursuant to the Offers will be cancelled and will not be re-issued or re-sold. In the event the principal amount of 2026 Notes and/or 2027 Notes tendered at or prior to the Expiration Deadline is less than the relevant Series Maximum Acceptance Amount, the 2027 Notes Issuer may, in accordance with the terms of the Indenture, publish a notice of optional redemption in respect of a principal amount of 2027 Notes equal to the aggregate of (i) the Series Maximum Acceptance Amount for the 2026 Notes less the principal amount of 2026 Notes tendered and accepted for purchase pursuant to the Tender Offer for the 2026 Notes and (ii) the Series Maximum Acceptance Amount for the 2027 Notes less the principal amount of 2027 Notes tendered and accepted for purchase pursuant to the Tender Offer for the 2027 Notes.

Tender Offer for the 2026 Notes

Noteholders that validly submit Tender Instructions at or prior to the Early Tender Deadline will, to the extent their 2026 Notes are accepted for purchase, receive consideration of U.S.\$1,000 per U.S.\$1,000 in principal amount of 2026 Notes (the "**2026 Notes Total Early Tender Offer Consideration**") for such 2026 Notes, which comprises consideration of U.S.\$950 per U.S.\$1,000 in principal amount of Notes (the "**2026 Notes Tender Offer Consideration**"), plus consideration of U.S.\$50 per U.S.\$1,000 in principal amount of 2026 Notes (the "**2026 Notes Early Tender Payment**"). Noteholders that validly submit Tender Instructions after the Early Tender Deadline, but at or prior to the Expiration Deadline, will, to the extent their 2026 Notes are accepted for purchase, receive the 2026 Notes Tender Offer Consideration only. If the relevant Settlement Date is not an interest payment date in respect of the 2026 Notes, Noteholders whose 2026 Notes are accepted for purchase will also receive Accrued Interest on such 2026 Notes as further described in the Tender Offer and Consent Solicitation Memorandum.

Tender Offer for the 2027 Notes

Noteholders that validly submit Tender Instructions at or prior to the Early Tender Deadline will, to the extent their 2027 Notes are accepted for purchase, receive consideration of U.S.\$1,000 per U.S.\$1,000 in principal amount of 2027 Notes (the “**2027 Notes Total Early Tender Offer Consideration**”) for such 2027 Notes, which comprises consideration of U.S.\$950 per U.S.\$1,000 in principal amount of 2027 Notes (the “**2027 Notes Tender Offer Consideration**”), plus consideration of U.S.\$50 per U.S.\$1,000 in principal amount of 2027 Notes (the “**2027 Notes Early Tender Payment**”). Noteholders that validly submit Tender Instructions after the Early Tender Deadline, but at or prior to the Expiration Deadline, will, to the extent their 2027 Notes are accepted for purchase, receive the 2027 Notes Tender Offer Consideration only. Noteholders whose 2027 Notes are accepted for purchase will also receive Accrued Interest on such 2027 Notes as further described in the Tender Offer and Consent Solicitation Memorandum.

In this announcement, the 2026 Notes Total Early Tender Offer Consideration and the 2027 Notes Total Early Tender Offer Consideration are each referred to separately as the “**Total Early Tender Offer Consideration**”, the 2026 Notes Tender Offer Consideration and the 2027 Notes Tender Offer Consideration are each referred to separately as a “**Tender Offer Consideration**” and the 2026 Notes Early Tender Payment and the 2027 Notes Early Tender Payment are each referred to separately as an “**Early Tender Payment**”.

In order to be valid, the tender of any Notes held by a Noteholder must be made by a Tender Instruction, which in the case of 2027 Notes also includes a deemed delivery of consent to the Proposed Amendments from such Noteholder. It will not be possible to tender 2027 Notes by way of a Tender Instruction without consenting to the Proposal. It is possible to consent to the Proposed Amendments without tendering 2027 Notes by way of a Consent Only Instruction at or prior to the Consent Deadline.

Proposal in respect of 2027 Notes

Holders of 2027 Notes that validly deliver their consent at or prior to the Consent Deadline, either via a Tender Instruction or a Consent Only Instruction, for the Proposed Amendments will receive consideration of U.S.\$1 per U.S.\$1,000 (the “**Consent Payment**”) in principal amount of 2027 Notes that are subject to such instruction and which are not accepted for purchase pursuant to the Tender Offer in respect of the 2027 Notes, provided the Required Consents (as defined below) are obtained and the Supplemental Indenture is signed. A valid tender of 2027 Notes under a Tender Instruction will constitute deemed delivery of a consent, and a Noteholder which validly tenders their 2027 Notes at or prior to the Consent Deadline will receive the Total Early Tender Offer Consideration in respect of all such 2027 Notes accepted for purchase pursuant to the Tender Offer in respect of the 2027 Notes, plus the Consent Payment only in respect of all such 2027 Notes not accepted for purchase pursuant to the Tender Offer in respect of the 2027 Notes. For the avoidance of doubt, there will be no proration applied to the consent solicitation and the payment of the Consent Payment. The Proposed Amendments will not become operative until the Consent Payment is made to the relevant holders of 2027 Notes, which is expected to occur on or promptly following the Early Settlement Date assuming the Required Consents are obtained by the Consent Deadline.

Holders of 2027 Notes may also submit a Consent Only Instruction and no instruction in the Tender Offer in respect of the 2027 Notes at or prior to the Consent Deadline, in which case they will only receive the Consent Payment (but not the Tender Offer Consideration or the Total Early Tender Offer Consideration) in respect of all 2027 Notes which were the subject of such Consent Only Instruction, provided the Required Consents are obtained and the Supplemental Indenture is signed. There will be no proration applied to the payment of the Consent Payment for the 2027 Notes in respect of which a valid Consent Only Instruction was delivered at or prior to the Consent Deadline. Subject to the Required Consents being obtained by the Consent Deadline and the Supplemental Indenture being signed, the Consent Payment for consents validly delivered at or prior to the Consent Deadline, either

via a Tender Instruction or a Consent Only Instruction, is expected to be made on or promptly following the Early Settlement Date.

Proposed Amendments

Set forth in Schedule 1 to the Tender Offer and Consent Solicitation are the proposed amendments to the Indenture in respect of the 2027 Notes that the 2027 Notes Issuer is seeking in the Proposal (the “**Proposed Amendments**”). The Proposed Amendments will be adopted if the relevant Required Consents are obtained. Noteholders should carefully consider the factors set forth below as well as the other information set forth in the Tender Offer and Consent Solicitation Memorandum prior to consenting to the Proposed Amendments and/or tendering its Notes.

The Proposed Amendments, in summary, align the covenants in the Indenture to the covenants expected in the New Notes. This leads to certain changes to the covenants applicable to the Indenture and the 2027 Notes issued thereunder.

Amongst other amendments, the Proposed Amendments amend the covenants in the 2027 Notes relating to:

- Asset Sales;
- Restricted Payments;
- Incurrence of Indebtedness and Issuance of Preferred Stock;
- Liens;
- Transactions with Affiliates; and
- Additional Guarantees,

as well as the thresholds in certain events of default in the 2027 Notes.

In order for the Proposed Amendments to be approved, Noteholders holding a majority in aggregate principal amount of the then outstanding 2027 Notes must deliver their consents to the Proposed Amendments by the Consent Deadline (the “**Required Consents**”).

Settlement

Payment for Notes validly tendered at or prior to the Early Tender Deadline and accepted for purchase in the Offers may at the option of the Offeror be made on the Early Settlement Date, which is expected to be on or about November 29, 2024, or such other date as the Offeror may stipulate at its discretion. Payment for Notes validly tendered (i) at or prior to the Early Tender Deadline but not accepted for purchase on the Early Settlement Date and (ii) after the Early Tender Deadline but at or prior to the Expiration Deadline, and accepted for purchase in the Offers will be made on the Final Settlement Date, which is expected to be on or about December 16, 2024, or such other date as the Offeror may stipulate at its discretion. Subject to the Required Consents being obtained by the Consent Deadline and the Supplemental Indenture being signed, the Consent Payment for consents validly delivered at or prior to the Consent Deadline, either via a Tender Instruction or a Consent Only instruction, will be made, at the option of the 2027 Notes Issuer, which is expected to occur on or promptly following the Early Settlement Date.

New Financing Condition

On November 12, 2024, the Offeror announced that it intends to issue two new series of U.S. Dollar-denominated fixed rate notes (the “**New Notes**”), subject to market conditions.

Whether the Offeror will purchase any Notes validly tendered in the Offers is conditional, without limitation, on the successful completion (in the sole determination of the Offeror) of the offering of the

New Notes, or such other financing as the Offeror may determine on terms acceptable to it (the “**New Financing Condition**”), unless the New Financing Condition is waived by the Offeror.

Even if the New Financing Condition is satisfied (or waived), the Offeror is under no obligation to accept for purchase any Notes validly tendered pursuant to the Offers. The acceptance by the Offeror of Notes validly tendered pursuant to the Offers is at the sole discretion of the Offeror and tenders may be rejected by the Offeror for any reason.

*Any investment decision to purchase any New Notes should be made solely on the basis of the information contained in the final offering memorandum to be prepared in connection with the offering of the New Notes (the “**Offering Memorandum**”) and no reliance is to be placed on any representations other than those contained in the Offering Memorandum. The Offeror has also prepared an offering memorandum in preliminary form relating to the offering of the New Notes (the “**Preliminary Offering Memorandum**”). Subject to compliance with all applicable securities laws and regulations, the Preliminary Offering Memorandum is available from the Dealer Managers (in their capacities as joint lead managers of the issue of the New Notes) on request.*

UK MiFIR/MiFID II professionals/ECPs-only - Manufacturer target market (UK MiFIR product governance and MIFID II product governance) is eligible counterparties and professional clients only (all distribution channels). No EEA PRIIPs or UK PRIIPs key information document (KID) has been prepared as not available to retail in EEA or UK.

Priority in allocation of New Notes

The Offeror will, in connection with the allocation of potential New Notes, consider among other factors whether or not the relevant investor seeking an allocation of the New Notes has, prior to pricing and allocation of the New Notes (which may occur before the Early Tender Deadline), validly tendered or indicated a firm intention to tender their Notes pursuant to the Offers, and, if so, the aggregate principal amount of such Notes tendered or intended to be tendered by such investor. Therefore, a Noteholder that wishes to subscribe for New Notes in addition to validly tendering Notes for purchase pursuant to the Offers and following the procedures set out in the Tender Offer and Consent Solicitation Memorandum may, at the sole discretion of the Offeror, receive priority in the allocation of the New Notes, subject to the terms set out in the Tender Offer and Consent Solicitation Memorandum, to the satisfaction of the New Financing Condition and to such Noteholder also making a separate application for the purchase of such New Notes to a Dealer Manager (in its capacity as joint lead manager of the issue of the New Notes, each a “**Joint Lead Manager**” and together, the “**Joint Lead Managers**”) in accordance with the standard new issue procedures of such Joint Lead Manager and as set out below. The aggregate principal amount of New Notes for which a Noteholder may receive priority in allocation may be in an amount (determined at the sole discretion of the Offeror) up to the aggregate principal amount of the Notes validly tendered by such Noteholder in the Offers or the amount of the Notes such Noteholder has indicated its firm intention to tender. However the Offeror is not obliged to allocate the New Notes to a Noteholder who has validly tendered or indicated a firm intention to tender Notes pursuant to an Offer; and if New Notes are allocated to a Noteholder, the principal amount thereof may be less (or more) than the aggregate principal amount of the Notes validly tendered by such Noteholder in the Offers and accepted for purchase by the Offeror. Any such priority allocation will also take into account (among other factors) the minimum denomination of the New Notes, being U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof.

Noteholders are advised that the pricing and allocation of the New Notes may take place prior to the Early Tender Deadline and, as such, Noteholders who wish to subscribe for New Notes in addition to tendering Notes for purchase in the Offers are advised to contact a Dealer Manager, in its capacity as a Joint Lead Manager, as soon as possible prior to the Early Tender Deadline, and prior to the allocation of the New Notes in order to request priority in the allocation of the New Notes.

Series Maximum Acceptance Amounts, Priority of Acceptance and Proration

The Offeror intends to accept Notes of each series validly tendered for purchase pursuant to the relevant Tender Offer up to an aggregate principal amount of U.S.\$250,000,000 in respect of the 2026 Notes and U.S.\$475,000,000 in respect of the 2027 Notes (each, a “**Series Maximum Acceptance Amount**”) and in the following order of priority:

- *firstly*, all Notes of the relevant series validly tendered at or prior to the Early Tender Deadline; and
- *secondly*, all Notes of the relevant series validly tendered after the Early Tender Deadline but at or prior to the Expiration Deadline.

The Offeror reserves the right, subject to applicable law, in its sole and absolute discretion to increase or decrease the Series Maximum Acceptance Amount for either series without extending withdrawal rights.

If the purchase of all Notes of any series validly tendered in the relevant Tender Offer at or prior to the Early Tender Deadline would cause the aggregate principal amount of Notes of the relevant series purchased to exceed the relevant Series Maximum Acceptance Amount, the Offeror will accept for purchase such Notes of the relevant series validly tendered at or prior to the Early Tender Deadline on a *pro rata* basis as set out in the Tender Offer and Consent Solicitation Memorandum such that the aggregate principal amount of such Notes accepted for purchase is no greater than the Series Maximum Acceptance Amount and will not accept any Notes of the relevant series validly tendered after the Early Tender Deadline.

In the event the principal amount of Notes of any series validly tendered at or prior to the Early Tender Deadline does not exceed the relevant Series Maximum Acceptance Amount, but does exceed such Series Maximum Acceptance Amount when aggregated with those Notes of the relevant series validly tendered after the Early Tender Deadline but at or prior to the Expiration Deadline, all Notes of the relevant series validly tendered at or prior to the Early Tender Deadline will be accepted for purchase in full and the Offeror will accept for purchase such Notes of the relevant series validly tendered after the Early Tender Deadline but at or prior to the Expiration Deadline on a *pro rata* basis as set out in the Tender Offer and Consent Solicitation Memorandum such that the aggregate principal amount of such Notes accepted for purchase is no greater than the Series Maximum Acceptance Amount. The aggregate principal amount of each Noteholder’s validly tendered Notes accepted for purchase will be determined by multiplying each Noteholder’s tender by such proration factor and rounding the product down to the nearest U.S.\$1,000 principal amount.

In the event any tendered Notes are not accepted for purchase due to proration, they will be returned or credited to the Noteholder's account.

Importantly however, it should be noted that subject to the Required Consents being obtained for the 2027 Notes, in the event of proration of 2027 Notes validly tendered at or prior to the Early Tender Deadline, Noteholders will receive 2027 Notes back following such proration which will be on amended terms but such Noteholders will also receive the Consent Payment in respect of such returned 2027 Notes, provided they were tendered at or prior to the Consent Deadline.

In the event of any such proration, the principal amount of Notes otherwise due to be (i) accepted for purchase from a Noteholder or (ii) returned to a Noteholder as a result of proration pursuant to a Tender Instruction would be less than the minimum denomination of U.S.\$200,000, the Offeror may in its sole discretion choose to accept or reject the relevant Tender Instruction in its entirety. If proration of the Notes is required, the Offeror will determine the final proration factor as soon as practicable after the Early Tender Deadline or the Expiration Deadline, as the case may be.

Expected Timetable

This is an indicative timetable showing one possible outcome for the timing of the Offers, based on the dates set out in the Tender Offer and Consent Solicitation Memorandum. This timetable is subject to
